

# Integrating Monitoring, Research, and Management: Leveling the Three-Legged Stool

*First in a Series of Brown Bag Seminars Discussing Integrated Modeling*

**Jim Peterson, Ph.D.**

**Assistant Unit Leader, USGS**

**Associate Professor of Fisheries, Oregon State University**

**Tuesday, August 15**  
**Noon - 1:00**

**Park Tower Plaza**  
**980 Ninth St., 2nd Floor**  
**Sacramento, CA**

Dr. Peterson will discuss how research, management, and monitoring are often portrayed as distinct endeavors, but are actually complementary, not competitive. The seminar will cover the basics of structured decision making, the use of integrated models, and a case study illustrating how the allocation of water effects the conservation of listed amphibian species.
